Budget Notes

- Always add 15-20% contingency for unexpected costs
- Research seasonal price variations
- Check exchange rates if travelling internationally
- Keep receipts for insurance claims
- Track actual spending during the adventure
- Note local payment methods accepted

Cost-Saving Tips

1. Rent vs buy equipment analysis
2. Group discounts available
3. Off-season rates
4. Local transport options
5. Food buying/preparation strategies

Remember:

Good planning prevents poor
adventure experiences!
